DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-37, drawn to a method for manufacturing products with a coating, classified in class 264, subclass 129.

Group II, claim(s) 38, drawn to use of a release agent in a product to be manufactured from a mass, classified in class 264, subclass 129.

Group III, claim(s) 39-42, drawn to a product, classified in class 428, subclass 34.1.

Group IV, claim(s) 43-45, drawn to a coating for use in a method according to claim 1, classified in class 264, subclass 129.

Group V, claim(s) 46-47, drawn to a mass, classified in class 527, subclass 600.

2. Evidence of lack of unity between the five groups is found in U.S. 5,683,772 wherein it is found to disclose the features of instant claims 1, 39, 43 and 46. As such, the special technical features of the claimed invention are not found to define a contribution over the prior art under PCT Rule 13.2.

3. A telephone call was made to Peter L. Michaelson on November 18, 2002 to request an oral election to the above restriction requirement, but did not result in an election being made. Peter L. Michaelson requested that a written restriction be issued.

Art Unit: 1772

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Priority

6. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Netherlands on 12/29/1998. It is noted, however, that applicant has not filed a copy of a certified copy of the Netherlands 1010915 application as required by 35 U.S.C. 119(b).

Oath/Declaration

7 The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because: the oath or declaration is missing. The submitted "Power of Attorney" form with the inventor's signature is not a proper oath or declaration.
